WASHINGTON, Oct. 25 .- Produc-

The regulations require that production must be limited to current demands with due regard to war needs. Manufacturers will be required to conserve materials, fuel and labor to the utmost. Use of wood and waste as fuel will be required and only in exceptional cases in which the use of this fuel is found to be impractical will priority be given for coal or other fuel. Production for export will be limited to items covered in the liense lists issued by the War Trade
